IT & Audit Seminars

GDPR Assessment, Implementation & Auditing Approaches

Scheduled Seminar Dates

Amsterdam, Netherlands 27 September 2017

\$395 USD / £315 GBP / € 375 EUR

[Registration & Information](#) In USD

[Registration & Information](#) - In GBP

[Registration & Information](#) - In EUR

Seminar Objective

This GDPR seminar has been restructured to provide attendees a consolidated view of how to implement, assess and audit the project based on being 8 months (as of September 25th) from being required to be GDPR compliant. This seminar is intended to provide attendees the base level knowledge required to perform a Project Assessment, manage the implementation of the GDPR project, and conduct a GDPR Pre-Implementation Audit. At this point of the project if you have not performed a GDPR Impact Analysis then it is doubtful you will be in compliance prior to 25 May 2018.

This seminar in the past was comprised of intense classroom discussion on alternate ways for addressing the implementation of the GDPR articles. To ensure that this open dialog between the attendees which is managed by the instructor to ensure all discussions stick to the relevant areas, the maximum number of attendees permitted to this seminar has been limited to 18 attendees.

The past attendees participants were comprised of:

- 60% members of their organization's GDPR project team (of which 15% of the attendees were lawyers)
- 35% Auditors
- 5% Other

Seminar Reviews

All attendees to the recent NYC seminar rated the overall seminar 5 out of 5

All attendees to the recent London and Amsterdam seminars rated the overall seminar at least 4 out of 5

UK participant at the NYC Seminar stated "The most technical & comprehensive GDPR I have ever attended"

GDPR Assessment, Implementation & Auditing Approaches

Instructor & Organizer's Biography Mitchell H. Levine, CISA

Mitchell Levine is the founder of Audit Serve, Inc. which is an IT Audit & Systems consulting company. For the last 27 years at Audit Serve, Mr. Levine has split his time between traditional IT & Integrated Audit consulting projects, Global Project Assessments, Restructuring IT Departments, PCI Implementations, and performing pre & post-implementation reviews of system migrations. Mr. Levine has been at the forefront establishing project assessment and implementation services for the past industry-wide projects such as Y2K, Euro Currency, GLBA, SOX and HIPAA/HITECH. Mr. Levine spends 220+ days per year consulting which is the basis for the material which is included in his seminars.

Mr. Levine is currently involved with two organizations performing GDPR Impact Analysis, Assessment and implementation advisory services. Over the past eight years Mr. Levine has presented over 92 seminars. Mr. Levine has presented the GDPR seminar three times since December, 2016. Mr. Levine also was the primary writer and editor of Audit Vision which is published bi-monthly and has a subscription base of over 3,500 audit & security professionals.

Prior to establishing Audit Serve, Inc. in 1990, Mr. Levine was an IT Audit Manager at Citicorp where his duties included managing a team of IT Auditors who were responsible for auditing 25+ service bureaus and the corporate financial systems.
