IT Audit Seminars

How to Implement, Manage and Audit IT Governance

Seminar Objective

This seminar is intended to provide attendee the base level knowledge required to perform implement and audit IT Governance. The seminar instructor, Mitch Levine, has an established track record of taking complex industry requirements and structuring a presentation that breaks them into easily understand approaches based on his “real life” audit and systems deployment experiences. This seminar fosters plenty of discussion on the alternative approaches for establishing and auditing IT Governance components.

Seminar Length

Two days (7 hour presentation time per day plus 1 hour lunch and four 10 minute breaks per day)

Who Should Attend

This seminar is designed for IT, GRC, IT Audit, Integrated and Operation Auditors personnel at all levels.

Continuing Professional Education Credits

All attendees are eligible to receive 15 hours of continuing professional education (CPE) credits by attending. These credits are recognized by the National Association of State Boards of Accountancy (NASBA). The CPE field of study is Accounting and Auditing. No prerequisites or advanced preparation is required. Audit Serve is registered with the National Association of State Boards of Accountancy (NASBA), as a sponsor of continuing professional education on the National Registry of CPE Sponsors.

State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding sponsors may be addressed to National Registry of CPE Sponsors, 150 Fourth Avenue North, Suite 700, Nashville, TN 37219-2417, USA (615) 880-4200 Web site: www.nasba.org.
